

Responsible Sourcing – Animal Exploitation Policy

Overview

Here at Greggs, it is our duty to stand for more than just profit. We've always been committed to doing the right thing and having a positive impact on people's lives and in 2021, we launched The Greggs Pledge which is all about how we can do more to help people, protect the planet, and work together with our partners to change the world for the better.

When it comes to sourcing the ingredients that we need to make our products, or the goods and services that enable us to run our business, 'sourcing sustainably' means taking care that they are produced and delivered responsibly.

Our values, commit us to being enthusiastic, open, honest and treating people with consideration and respect and we live these through all of our people and operations.

As part of this, we want to make our key principles, across a number of areas, clear and accessible to all so everyone can appreciate what we stand for.

Scope

All coconut products (pieces, desiccated, oil, extracts and flavourings) directly procured by Greggs.

Key Principle

We commit to never knowingly use manufacturing ingredients or sell any items using products where animals have been exploited in the collection of the raw material.

Governance

These principles are included within all of our relevant internal processes.

We will review the principles and adherence to them on an annual basis.
